**LETTER ACCOMPANYING
CORRECTED PTO 1449 LISTINGS**

Sir:

On June 17, 2005, applicants submitted by official facsimile an Information Disclosure Statement listing United States Issued Patent references, and listing and enclosing a foreign patent reference and nonpatent literature references. The Examiner has called to applicants' attention an inadvertent typographical error in the identification of the U.S. patent to Usala. Applicants' counsel, on reviewing the submission, has also found one inadvertently omitted listing of a nonpatent reference that was actually submitted June 17, 2005.

Usala: Patent number ~~5,2326,703~~; originally listed on page 3 of PTO Form 1449; corrected to 5,236,703.

BROUGHTON ET AL

This document was transmitted with the Information Disclosure Statement filed on June 17, 2005, but was inadvertently omitted from the Nonpatent Literature Listing on form PTO 1449.

Applicants aver that the enclosed Supplemental PTO 1449 Listings only correct the aforementioned typographical error and the omission of the Broughton et al citation from the nonpatent literature listing.

Applicants respectfully request that the Examiner initial the corrected PTO 1449 sheets submitted herewith to confirm that she has reviewed these two references. Applicants' attorney thanks the Examiner for her assistance. Please address any questions or comments to the undersigned attorney of record.

Respectfully submitted:

August 19, 2005
